

**RFP NO. F5-2681-02-RFP02-1044**  
**CONSTRUCTION PLANT & EQUIPMENT LIST**

Offeror shall provide the following Construction Plant and Equipment to be used on the Jobsite. The Maintained Hourly Rental Rate (MHR) shall include all fuel, lubricants, repair parts and service, maintenance (to include labor), applicable taxes, overhead and profit, and shall be used for rental to Knight/Jacobs if applicable and as required for change work where Lump Sum Prices do not apply.

Equipment Type	Quantity	Owner	Scheduled on Site	MHR w/o Operator	MHR w/ Operator	Standby

**NOTES:**

Equipment Type: Provide description, capacity, make, model and year of manufacture.  
Owner: Enter (a) for proposal owned and available equipment, (b) for equipment to be hired, or (c) for equipment to be purchased.

The equipment rental charges will be determined as follows: Daily rates are for 8 hour or 10 hour days depending on Subcontractor's established work shift; weekly rates are for a 40 hour week; and monthly rates are for a 176 hour month. The equipment rental charge shall be computed for each accounting period, based on the total cumulative hours furnished for use during the period, applied to the applicable rate, but subject to the following limitations:

- (i.) Hourly rate extended cannot be greater than the daily rate extended
- (ii.) The daily rate extended cannot be greater than the weekly rate extended.
- (iii.) The weekly rate extended cannot be greater than the monthly rate extended.

Total accumulated rental charges billed shall not exceed 100% of fair market value. Rental will not be paid on idle equipment or equipment down for repair or maintenance for an extended period of time.
